

# Meds By Mail: GABC Delivers!

Sign up for Mail Order Pharmacy on [www.gabchealth.org](http://www.gabchealth.org).

Are you sick and tired of driving to pick up prescriptions you take regularly? Then save time, gas and money and use **GABC's Mail Order Pharmacy**. Through GABC's ExpressScripts plan, you can have a 90-day prescription filled per your physician's orders, then delivered to your home, postage-paid.

## Why Use Mail Order Pharmacy?

1. Re-orders can be completed online by you or your doctor. (No more listening to bad "on hold" music, or waiting in line!)
2. Since ExpressScripts can buy commonly used "maintenance medications" in bulk, the cost to GABC is lower. That savings is passed on to you by keeping your premium costs lower.
3. Enrollment is easy and free. From [gabchealth.org](http://gabchealth.org), click on the Pharmacy Search link. Then click on the ExpressScripts link and enter your user name and password to set up a dispensing schedule. If you need assistance, call GABC.

**Graphic Arts Benefit Corporation (GABC) • 800-469-1673 / FAX: 301-474-3197**
