

# The G-ABCs of Student Health Coverage

It's easy as 1-2-3 to get student verification forms at [www.gabchealth.org](http://www.gabchealth.org)

It's August and just like the school office, this is the time of year when GABC updates forms for students. That basically means we need to confirm your child is going to school full-time. Many schools will take care of this during the registration process, and we accept their forms, too. But student verification forms can also be downloaded from GABC's website under the Insurance Forms link. Forms must be updated annually, and on file in advance of claims.

## Parents of the over 18 crowd, here's what else you need to know:

- If your child is 19-23, they can retain coverage as your dependent if they are a full-time student, unmarried, and live with you more than half the year OR receive more than half their support from you.
- Children that are permanently and totally disabled may remain covered as your dependent through their 25th birthday provided they meet some of the conditions outlined above.
- Qualifying plans provide coverage for adult children with the COBRA Continuation Option. Celtic Insurance Company has plans for those who do not qualify. Call the GABC office for more info.

Coverage for your kids from Preschool to Pre-Med.

**Graphic Arts Benefit Corporation (GABC) • 800-469-1673 / FAX: 301-474-3197**
